

Veeda Oncology Phase I Capability

In addition to Academic Phase I Oncology Units, Veeda Oncology has established a Network of 5 Community Based Phase I sites.

- Access to over 30,000 new Oncology patients per year
- Ongoing experience in the development of new molecular, targeted, biologic and pharmaceutical therapies
- Experience in:
 - Bioavailability/Bioequivalent studies
 - Pharmacokinetic sampling
- Outpatient facilities with extended hours to accommodate trial needs

Benefits of the Veeda Oncology Phase I sites

Speed to Start Up is usually 6-8 weeks

- MSAs in place
- Central IRBs
- Simplified contract process
